Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Wednesday 10 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Very cold with a few snow showers at times.

This Evening and Tonight:
Snow showers will gradually ease through the evening, with most places becoming dry with clear skies after midnight. As winds fall light overnight temperatures will plummet bringing a severe frost, some icy stretches and patches of freezing fog. Minimum temperature -9 deg C (16 deg F).

Thursday:
A largely dry day with plenty of sunshine. However, it will be very cold with a few snow showers across the north and east during the afternoon and evening. Maximum temperature 2 deg C (36 deg F).

Outlook for Friday to Sunday:
Remaining very cold throughout with strengthening southeasterly winds. Sunny spells and a few snow showers Friday. Dry but increasingly cloudy Saturday. Risk of snow spreading eastwards on Sunday.
